

ANNUAL LISTING OF FEDERALLY
OBLIGATED PROJECTS FOR THE
FAIRBANKS METROPOLITAN AREA
TRANSPORTATION SYSTEM (FMATS)

FEDERAL FISCAL YEAR 2015

(October 1, 2014 – September 30, 2015)

ANNUAL LISTING OF FEDERALLY OBLIGATED PROJECTS WITHIN THE FAIRBANKS METROPOLITAN AREA TRANSPORTATION SYSTEM (FMATS) FEDERAL FISCAL YEAR 2015

INTRODUCTION

On August 10, 2005, President Bush signed into law the Safe, Accountable, Flexible, Efficient, Transportation Equity Act, A Legacy for Users (SAFETEA-LU). One of the requirements of SAFETEA-LU is that government spending on transportation becomes more transparent to State and Local Officials, as well as the public. As part of this SAFETEA-LU Legislation, the act requires “...an Annual Listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which Federal Funds have been obligated in the preceding year shall be published or otherwise made available by the cooperative effort of the State, transit operator, and metropolitan planning organization for public review. The listing shall be consistent with the funding categories identified in each metropolitan transportation improvement program (TIP).”¹ This provision still applies in 23 USC 134 under the more recent highway authorization, Moving Ahead for Progress in the 21st Century, or MAP-21. Cooperation is essential because of the different responsibilities held by the organizations in planning, programming, and project implementation. This report lists all transportation projects in FMATS that were obligated in the federal fiscal year (FFY) 2015 (October 1, 2014 – September 30, 2015).

BACKGROUND

The Fairbanks Metropolitan Area Transportation System (FMATS) is the regional transportation planning agency for the Fairbanks Area Metropolitan Planning Organization (MPO). FMATS carries out the transportation planning process in cooperation with the State DOT and transit operators. They cooperatively develop, update and approve the Unified Planning Work Program (UPWP), Metropolitan Transportation Plan (MTP), the Public Participation Plan (PPP), Air Quality Conformity and the Transportation Improvement Program (TIP).

SUMMARY OF FFY14 FEDERALLY FUNDED PROJECTS IN FMATS

This report indicates approximately \$16.6 million in federal funds were obligated for transportation projects by the MPO in FFY15. The largest project was College Road Rehabilitation which totaled approximately \$2.7 million. FMATS initiated two projects this fiscal year: The FMATS Improvement Program FFY15 through FFY17 and the Tanana Loop and South Chandalar Drive Intersection project.

After consultation with the transit operator, the Fairbanks North Star Borough, the federally obligated projects were operating projects and replacement of paratransit vans.

¹SAFETEA-LU, USC 134(j)(7)(B), 23 U.S.C. 135(g)(4)(B), 49 U.S.C. 5303(j)(7)(B), and 49 U.S.C. 5304(g)(4)(B)

ANNUAL LISTING OF FEDERALLY OBLIGATED PROJECTS WITHIN THE FAIRBANKS METROPOLITAN AREA TRANSPORTATION SYSTEM (FMATS) FEDERAL FISCAL YEAR 2015

THE ANNUAL LISTING OF FEDERALLY FUNDED PROJECTS

This report is organized into two sections: FHWA and FTA Funding. The list includes the project identification number, type of project, federal obligation, total project costs and status of project. The FTA section includes type of funding, project description, federal amount and total project costs.

Obligation is defined as the Federal government's legal commitment to pay the Federal share of a project's cost. An obligated project is one that has been authorized by the federal agency and funds have been obligated. Projects for which funds have been obligated are not necessarily initiated or completed in the program year, and the amount of the obligation will not necessarily equal the total cost of the project. For FTA projects, obligation occurs when the FTA grant is awarded. For FHWA projects, obligation occurs when a project agreement is executed and the State/grantee requests that the funds be obligated.
