

FMATS Transportation Improvement Program Project Nomination Form

Project nominations are accepted from the public and are scored based on the adopted Project Scoring Criteria. These criteria assign weight based on the project's impact on the following:

1. Health and Quality of Life
2. Safety Improvements
3. Public Support
4. Project Cost/ Project Length (\$/miles)
5. Road Functional Class
6. Road Maintenance and Condition
7. Other Considerations (economic development, security, utility conflict resolution, etc.)

The score the project receives will be used to determine the project's eligibility for funding in the Transportation Improvement Program, or TIP. The TIP identifies, prioritizes and allocates anticipated funding for transportation improvements over a 4 year period.

EMAIL: _____

Name of Proposed Project: _____

Project Scope/ Description: _____

Justification (need): _____

FMATS Transportation Improvement Program Project Nomination Form

Is there a commitment from a public organization to maintain this project if build? If so please identify that organization below.

Has an organization agreed to pay the non-federal funding match for this project? If so please identify the organization that has committed to pay the non-federal share.

Does this project support all or some of the four goals of FMATS? The four goals are listed below please explain the relationship between these goals and this project.

1. Coordinate planning efforts to provide an integrated transportation and land use system that embodies smart growth principles and stimulates the economy to grow.
2. Provide a safe, efficient, secure, and interconnected multi-modal transportation system for all users.
3. Protect the environment, improve air quality, promote energy efficiency, and enhance regional quality of life.
4. Optimize the utility and lifespan of the existing transportation system.

FMATS Transportation Improvement Program Project Nomination Form

1) Does this project improve community health and/or quality of life? *For example: improve air and water quality, enhance intermodal connectedness, reduce congestion, etc.*

2) Is safety a factor? *For example, is there a history of accidents or safety complaints?*

3) Would you describe the public support for this project as broad-based, localized, or limited? *Please provide a justification for this level of public support.*

FMATS Transportation Improvement Program Project Nomination Form

4) Please provide a cost estimate for each phase of this project if available. For example: design, right-of-way, utilities, and construction

5) If this is a road project please provide the functional classification of the road or roads. For example: *arterial, urban collector, or local road.*

6) Will this project improve drainage, decrease operating cost, promote efficient system management or improve overall facility condition? *Please explain:*

7) Are there other benefits of this project? *For example: national security, community development or otherwise economic benefits.*
